

High School Apprenticeships

Rays Electrical in Partner with Resmund Trade School is committed to the advancement of career education and improving your career success in the trades. Unlike community colleges and general education avenues, students are able to focus solely on their career choice and receive training in the field their passionate about.

Rays Electrical Service is an Accredited Training Center for the NCCER-accredited curriculum as well as an Assessment Center for NCCER. The NCCER is recognized throughout the United States for their excellent trade curriculum trade programs. Our partnership with Resmund Trade School offers apprenticeship programs that are registered with the Illinois Department of Labor for an hands-on training and education in trades the Electrical and Underground industry and provide the pathway to a Journeyman. You will train and learn among the best in your field, making you a valuable resource to your employer.

The Electrical training program will prepare you for the installation and service of residential, commercial, and industrial systems.

Contact us to learn more about our accredited program, tuition and tuition assistance, and apprenticeships by completing the form on the right side of this page or calling us at 224-489-8807 to get started.
